GOOD TO GO

HERE IS HOW IT WORKS

When placing an order by your supplier, arrange delivery to Good to go, 5726 1st Ave. Brooklyn NY 11220. The shipment should have our name as well as your company's name (for example - If your company name would be "Amazing deals" it should appear like this "Amazing deals c/o Good to go"). Please be aware that most receiving issues are a result of neglecting this important point.

At startup you will get a shared spreadsheet, there is where you will enter the prep info. If the item needs to be labeled, the label file will be linked to the sheet by Good to go. For best experience make sure to fill out the sheet at the time you place your order by your supplier & don't wait until the order gets to us as this might cause delays in processing your order. If you're sending us a very large order, it's a good idea to notify us ahead of time.

as we work on your item(s) we will fill out the sheet with Box info and you will link the UPS or pallet labels to the sheet; Alternately, you can simply e-mail it. Your order should be done by 72 HRS from Receiving.
